'Michael Hames, the former head of Scotland Yard's Obscene Publications Squad, once told me that he never doubted paedophiles were killing children in care.'

—investigative journalist Eileen Fairweather

The Westminster/VIP paedophile network

At first glance any given paedophile ring may appear to operate distinct from, and independently of, other rings in other locations. But look again, more closely.

Fact is, 'VIP' paedophile rings often overlap with one another, often sharing some of the same elite organisers, protagonists, enablers, and 'customers' (i.e. abusers).

The Westminster/VIP paedophile network is a spider's web of overlapping paedophile rings; the 'top' spiders in many cases know each other.

Many paedophile operations have been organised, enabled and patronised by 'respectable' men and women at the top of British society and the UK's deep state.

Who runs the show? (i) Working on behalf of financial interests, the Security & Intelligence services plus their assets & front operations; (ii) political stooges on behalf of the same; (iii) members of fraternal organisations & secret societies which magnify the elite's influence & power. Some common factors across VIP paedophile rings in the British Isles:

- **Individuals involved in the trafficking of minors from location to location to be abused**
Examples have included John Allen (Mr X), former owner-manager of the Bryn Alyn Community of children's homes in North Wales; 'Boys for Questions' ringleader Ian Greer; and certain child brothel-keepers who 'pimped out' kids to elites and in return received a degree of protection from prosecution.
- **Geographically-mobile individuals carrying out child abuse roles within and between regions and jurisdictions**
Examples have included Jimmy Savile, Edward Heath & Mountbatten, all of whom travelled far & wide.
- **Certain institutions that facilitated the trafficking of children from location to location; the procurement and supply of children; or the ongoing covering-up of sexual abuse**
Examples have included the security and intelligence services; Islington Council under Margaret Hodge; the Paedophile Information Exchange (PIE); Westminster City Council and quite possibly the NSPCC under Peter Wanless (as well as Esther Rantzen and her wretched 'ChildLine' charity).
- **Patronage and protection coming from the top: political / police / security services / Royal**

To summarise, the British Isles and Channel Islands are blighted by a VIP paedophile network, fostered and utilised by occultists and deep-state agents of the financial-political elite. These elites shape domestic and world affairs for the purpose of enriching themselves further, and expanding their political power.

1. **Bulic Forsythe Beaten to death**
"Bulic told a new witness...that he suspected vulnerable youngsters were being assaulted by **an organised gang at one home said to have been visited by the Labour politician**. But days later Bulic, 42, was beaten to death in his flat..."
<http://www.mirror.co.uk/news/uk-news/bulic-forsythe-killed-protect-paedophile-3578788>
 2. **Lambeth Caretaker [unnamed] Died in a suspected arson attack**
John Mann MP "has called for the reinvestigation of the suspicious deaths more than 20 years ago of two whistleblowers who he believes had significant information relating to organised child abuse ... One was council official Bulic Forsythe [see entry above] ...and the other **an unnamed Lambeth caretaker**..."
<http://www.dailymail.co.uk/wires/pa/article-2883343/May-accused-child-abuse-probe.html>
 3. **Vishal Mehrotra. Abducted and murdered**
"...Vishal's father Vishambar Mehrotra... told the paper [Daily Telegraph] he recorded a male prostitute saying in a telephone call that Vishal may have been abducted and taken to the **Elm Guest House**..."

 4. **Dolphin Square Girl, 15-years old Feared to have been murdered at Dolphin Square by senior Tory politician**. Witness, 'Darren', has described a Dolphin Square flat in which one bedroom contained a hospital-type bed with shackles, gimp masks and a tiled, washable floor. Darren saw a senior Tory politician take a girl into this room. She was in care. "She was 15, and I had been bumping into her for many years at paedophile parties around the country...She had a smashing smile and braces, and I never saw her come out. I did not see her again, and fear that she may have been killed."

5. **Dolphin Square Boy #1 Strangled to death by a Conservative MP at a town house in central London around 1980.** Murdered boy is described as brown-haired and probably around 12 years old.
<http://www.exarone.com/articles/5409/operation-midland-investigates-tory-mp-over-boy-s-murder>
 6. **Dolphin Square Boy #2 Murdered** Savage physical attack in front of a separate MP, a former cabinet minister. This killing occurred between a year and 18 months after the strangling of the boy in the town house (see above).
<http://www.exarone.com/articles/5409/operation-midland-investigates-tory-mp-over-boy-s-murder>
 7. **Dolphin Square Boy #3 Murdered** The boy, aged 10 or 11, was run over by a car in broad daylight. This occurred in a street in south-west London in the summer of 1979.
<http://www.exarone.com/articles/5409/operation-midland-investigates-tory-mp-over-boy-s-murder>
 8. **Thornham Magna Man Tortured and murdered** A Down's syndrome sufferer aged in his 30s ('Andrew') was apparently murdered at Thornham Magna country estate by Peter Righton, the paedophile who supplied boys to politicians and other prominent people. The murder was conducted apparently so as to inflict maximum pain and suffering.
<http://www.exarone.com/articles/5502/murder-at-thornham-magna-darren-relives-harrowing-scene>
 9. **Frank Beck Sudden 'fatal heart attack'** Frank Beck was reportedly implicated in the abuse of boys in Leicestershire care homes. Beck always maintained his innocence and claimed he was imprisoned because he had exposed abuse by a high-profile politician (Lord Greville Janner). In May 1994, shortly before Frank Beck's appeal was due to begin, he died suddenly in prison of a "heart attack".
<http://www.dailymail.co.uk/news/article-3064947/Lord-Janner-director-firm-THREE-WEEKS-ago-emerges-damning-dossier-alleges-police-chief-allowed-peer-molest-young-boys.html>
- 10-11 **Simon O'Donnell Alternate versions of events point either to suicide or murder** Simon O'Donnell was a boy of 12 at the time of his death. An inquest found he had taken his own life after running away from a children's home run by Frank Beck [see previous entry]. This explanation was later refuted by evidence supplied by other children living in the same home at the time. In particular, "one former resident, Peter Bastin, says he witnessed Beck [*and co-worker Colin Fiddaman*] removing O'Donnell's body from the home on the night before the child was found dead". While there seems to be some dispute concerning what or who ultimately caused Simon O'Donnell's death, it is undisputed that Frank Beck maintained his innocence. Indeed, Beck insisted he was framed as an abuser after he exposed sexual abuse of children by Lord Janner.
- Colin Fiddaman**, who worked with Frank Beck, reportedly took his own life in 1991 while on bail.
<http://www.independent.co.uk/news/child-abuser-beck-killed-boy-in-care-1155851.html>
12. **Ian Henning 'Fatal accident'** Ian Henning was a legal executive and former policeman who was in charge of the defence of Frank Beck, whom he believed to be innocent of all child sexual abuse allegations [see above]. Henning believed Beck had been the victim of "trawling operation" and that officers had put words into the mouth of the witness they were interviewing. Leicestershire police arrested Ian Henning at one point; Henning said this was done to intimidate him into silence. As Henning prepared an appeal against Beck's conviction, he was killed in an apparent motorcycle accident.

 13. **Peter Hatton-Bornshin Apparent suicide partly caused by sexual abuse at Grafton Close** "Detectives are probing claims that several Establishment figures... abused under-age rent boys and children from **Grafton Close at the Elm Guest House**"
"Peter Hatton-Bornshin killed himself six days after his 28th birthday... One line in his suicide note seemed to refer to [the sexual abuse he suffered]. It read: 'I will get those bastards.'"
"A child protection campaigner told us this week: '[Peter Hatton-Bornshin] was a victim at Elm Guest House in the Seventies...'"

 14. **Peter Davis Suspected murder** Davis died in 1977 aged 15. The boy's death was ruled as suicide; this is questioned, however, by Shirley Oaks abuse survivors. "**There were signs of sexual activity. Friends who grew up with [Peter] believe he had been targeted by paedophiles** ... Peter was a witness in a rape trial at the Old Bailey two years before he died ... When the BBC looked for court documents from the time, we found that in 2003 they had been secret for 100 years." **Shirley Oaks was run by Lambeth Council.**

 15. **Carole Kasir Suspected murder** 'Was this woman murdered to cover up Cyril Smith's sex ring?'

Carole Kasir ran the notorious **Elm Guest House** reportedly frequented by VIPs including the **queen's art adviser**, Anthony Blunt, and **royal equerry**, Commander Michael Trestrail.

"[Mary] Moss believes Carole Kasir was murdered to cover up for the famous people who had used her brothel"

17. **Jill Dando Assassinated by an unknown gunman** Following the professional murder of Jill Dando, her fiancé Alan Farthing was appointed as the queen's surgeon-gynaecologist. At the time of her assassination, **Jill Dando had reportedly been researching a VIP Child Sexual Abuse ring**

18. **Lord Louis Mountbatten Assassinated** The queen's cousin and childhood mentor to prince Charles. Lord Mountbatten was murdered in 1979 when an IRA bomb exploded under his boat off the coast of County Sligo. Reportedly, Mountbatten made trips to Northern Ireland to abuse boys at **Kincora**. Questions surround the circumstances of Mountbatten's assassination, with some asking if **MI5** may have had some involvement.

"It brought the issue of child sex abuse to members of the wider Royal family. There were allegations about Lord Mountbatten."

Also killed as a result of the bomb: Nicholas Knatchbull, Paul Maxwell, The Dowager Lady Bradbourne
22. **Iain Mills MP Potentially suspicious death** In 1997 the Conservative MP Iain Mills reportedly died of "acute alcohol poisoning" in his Duncan House (**Dolphin Square**) flat. Reportedly Mills was a friend and political ally of the late **Geoffrey Dickens MP**. Dickens was a campaigner against the Paedophile Information Exchange (PIE), and was attempting to shut down the Child Sexual Abuse ring encircling Parliament.
<http://www.independent.co.uk/news/life-and-death-in-dolphin-square-1280968.html>
23. **Martin Allen Missing since 1979, feared murdered** Martin Allen's brother said police should reopen the investigation into the teenager's disappearance. Kevin Allen, 51, said he had always suspected a cover-up after police told him all the case files had been lost in a freak flood. He said: "... I think there are powerful forces involved in this. Years ago I was warned by a policeman that if I looked too deep into this then I might get hurt."
<http://www.telegraph.co.uk/news/uknews/crime/11239535/Father-claims-Scotland-Yard-covered-up-sons-murder-by-Westminster-paedophiles.html>
24. **Judge Rodney McKinnon Fell to his death.** Judge Rodney McKinnon, 64, fell from a window of his flat in Drake House, **Dolphin Square**. The coroner's suicide verdict shocked Rodney's brother Warwick McKinnon who had given evidence to the contrary. During the inquest he said: "I don't believe it was suicide, neither do any of my family, nor any of my friends."
http://www.thecnj.com/westend/2007/090707/news090707_09.html
It seems likely the judge would have sentenced a number of paedophiles during the course of his work, such as Jonathan 'Angel' Vai.

25. **Willie McRae Assassination suspected.** "A firebrand SNP activist who died in mysterious circumstances to expose a paedophile ring that would have brought down the Government..."

"The man, now in his forties, met the princess when he was sleeping rough outside a London church. He claims he was subjected to horrific abuse at **the Elm** from the age of 10 while he was in care at **Grafton Close** children's home... **[Princess Diana] kept in touch with me** even after she'd helped me back on my feet."

28. **Boy killed in Amsterdam for snuff film Murder alleged** "A young boy sold for sex is said to have died in a torture session filmed at Amsterdam's notorious **Blue Boy vice club**. Allegations that an unnamed MP [i.e. a British MP] was present can be revealed today ... Informants said the MP was present at the murder after going to Holland for sex with boys supplied by paedo fixer Warwick Spinks."
<http://www.thesun.co.uk/sol/homepage/news/6157189/British-MP-was-at-snuff-film-lads-murder-in-Dutch-police-probe.html>
29. **Victims of the 'Sidney Cooke ring' Gang responsible for murder of Jason Swift; other murders suspected** A gang comprising Sidney Cooke, Lesley Bailey, Robert Oliver, Steven Barrell and William Malcolm are thought to have abducted and murdered up to 20 children, and to have supplied boys to a VIP paedophile network that included Leon Brittan MP, Cyril Smith MP, and Jimmy Savile. The 'Cooke gang's' victims are thought to include:
- (i) Jason Swift, 14, in 1989. **He attended Islington Council's Conewood St assessment centre**
 - (ii) Mark Tildesley, 7, in 1984
 - (iii) Barry Lewis, 6, in 1985
 - (iv) Steven Newing [possibly - unconfirmed] aged 11, in 1969

30. **Tony McGrane Anthony 'Tony' McGrane, 13, was savagely murdered in 1986**
Curiously the press coverage of the murder of Tony McGrane in 1986 included no mention of Islington Council, yet it is understood McGrane resided at **Islington Council's Conewood Street assessment centre**. Coincidentally another murdered boy, Jason Swift, is also thought to have been a resident at **Islington Council's Conewood Street assessment centre** in the period leading up to his death in 1989 (see the entry for Swift above). Strangely, at the time of the Islington Inquiries in the 1990s, Jason Swift's residence in an Islington home was also denied by the senior Islington manager.

31. **Vivian Loki Another murdered youth with an Islington Council connection** Aged 17 at the time of her murder in 1987, it is not known whether Vivan Loki was in the Islington care system or had been previously. What is known, however, is that Loki:
- (i) **Worked for Islington Council** as a painter and decorator
 - (ii) **Reportedly resided in, and was murdered in, an Islington council estate called the Hilldrop Estate.** The late MP Geoffrey Dickens was informed that organised paedophile were operating 'child brothels' on the Hilldrop Estate involving dozens of children, some as young as six. Dickens had heard tape-recordings of children screaming made by an informant.

37. **Clair McAlpine** **15-year-old dancer took her own life, blaming abuse by famous celebrities believed to include Jimmy Savile** Clair McAlpine, 15, appeared several times on the BBC's *Top of the Pops*. The girl's diary, examined after she took her own life, described how she'd been driven to suicide by sexual abuse at the hands of VIPs. "Jenni Bale, a BBC studio manager at the time, and who knew Savile, is in no doubt that the DJ abused Clair". Moreover, Clair's half-brother has said "**Jimmy Savile was in the diary for having some sort of sexual relationship with her. As far as I know, Jimmy Savile was interviewed as a witness.** My mother told me that the diary went to the police and never came back."

38. **Gordon Dawson** **Alleged child rapist Dawson reportedly 'took his own life' in early 2007, within 90 minutes of being informed by police that he faced arrest in connection with earlier abuse complaints** Dawson abused and raped a 15-year-old boy, David (last name unknown), according to David's subsequent testimony to police. "David, now 49, told BuzzFeed News how he was groomed in Lincolnshire in 1982 when he was 15 by Gordon Dawson, who took him to dinners in London with Dawson's friends. Among them, David was told, were MPs, businessmen, senior military officers, and members of the General Synod. **After these dinners, David said, he would be raped in a Dolphin Square apartment by Dawson and other men.**" Was Dawson's death in 2007 truly suicide, or did this alleged child rapist foul fall victim to foul play?

39. **Sir Simon Milton** **Alleged participant in Dolphin Square 'paedophile parties' died "suddenly" at age 49** Milton and his Conservative peers on Westminster City Council regularly collected "at one of the ongoing 'soirees' in Dolphin Square, where, of course, again their council were the ultimate landlords". In this context, "ongoing 'soirees'" is a thinly veiled reference to alleged Dolphin Square 'paedophile' parties organised by top Conservatives (including Ian Greer) and patronised by Parliamentarians. **Simon Milton was a director of Ian Greer Associates.** Reportedly suffering from leukaemia, Milton died "suddenly" in 2011 at the age of 49.

Deaths of former **North Wales** care home residents

These may link to the Westminster paedophile network

From the *Sunday Times*, 30 November 2014:

"**John Allen**...was named by a former leader of Clwyd county council as being suspected of supplying boys to other paedophiles. Dennis Parry said: "My information was that not only was he an abuser, he was a supplier. **There was movement between Holland and this country**, and **Dolphin Square was part of the setup**"...

"My information was he was the one who collected the young people and took them to Dolphin Square...His links were with our part of North Wales and others."

http://www.thesundaytimes.co.uk/sto/news/uk_news/article1489935.ece

The deaths, in approximate date order:

40. **Robert Chapman** **Fell to his death from a railway bridge** Former resident of Bryn Alyn.
41. **Robert Arthur Smith** **Killed himself in May 1978, aged 16, by overdosing on painkillers** Former resident of Bryn Alyn.
42. **Barry Williams** **Found dead in a flat where he lived in poverty, aged 21** Former resident of Little Acton Assessment centre, Clywd,

43. **Peter Davies** Died 1985

44. **Adrian Johns** Died in a 1992 fire aged 32 in Brighton, Sussex. Verdict - unlawful killing Former resident of Bryn Alyn. Adrian Johns was the brother of Lea Johns who was also known as Lea Homberg. (Lea Johns/Homberg also died prematurely see separate entry below for Lea Johns). Adrian Johns at the time of his death was blackmailing John Allen "threatening to expose his child vice network", according to reports.

45–49. *5 friends* of brothers Adrian and Leander Johns. Like Adrian Johns, they died in the Brighton/Hove fire detailed above, with the exception of Trevor Carrington. Carrington was run down and killed by a truck "hours after allegedly confessing to starting the fire".

Andrew Manners; Mabel Smith Roberts; Timothy Sharpe; Paul Jones; and Trevor Carrington

50. **Heath Kelvin Jones** Found dead in 1992 in a bedsit, aged 18 Cause of death, acute respiratory failure due to solvent abuse. Former resident of Bryn Alyn.

51. **Peter Wynn** Hanged himself in January 1994, aged 27 As a child he had been one of Bryn Alyn's most victimised. He had been assaulted by the home's deputy head, Peter Howarth, and by a housemaster called Stephen Norris.

52. **Brendon Randalls** Died aged 27 from alcohol abuse in April 1994 Allegedly the victim of a serious sexual offence. Former Bryn Estyn resident.

53. **Richard Williams** Found dead in a car aged 18 in July 1994 Alleged to have suffered maltreatment while in care.

54. **Craig Wilson** Hanged himself in November 1994 aged 16

55. **Leander 'Lea' Johns** Supposed drug overdose (suspicious) resulting in death in February 1995 aged 37 Lea Johns was also known as Lea Homberg. Former resident of Bryn Alyn where it was alleged he had been sexually abused. Lea Johns/Homberg was the brother of Adrian Johns, who also died prematurely (see separate entry above for Adrian Johns). Lea Johns fortunately survived the suspicious fire that killed his brother and their friends – only to himself die two years later due to a supposed "drug overdose".

56. **Mark Humphreys** Hanged himself in February 1995 aged 31 Allegations of sexual abuse perpetrated by Mark's former care workers.

57. **Simon Birley** Hanged himself in May 1995 aged 27 During his time as a child in Bryn Alyn, Simon had been sexually assaulted by the home's deputy head, Peter Howarth. "Simon was set on an accelerated descent into homelessness, alcoholism and addition."

58. **Tony Wallis** Found dead 1996

Of the North Wales deaths, Chris Johns, brother of Adrian Johns and Lea Johns, told the *Independent*:

"**They do not stop at killing**...If anything does happen to me it will be down to them. However it might look, it will be them ... I cannot prove it, but **I am sure my brothers' deaths were not as they seem**. Lea was about to get money from the Criminal Injuries Compensation Board, why would he suddenly die like that? There were no drugs found in his body. **And the fire in Brighton [Hove] is very suspicious*** ... [Prior to their sudden unexpected deaths, brothers Adrian and Lea Johns been trying to blackmail John Allen, according to a contemporary news report]

"I believe there are organised paedophile rings that reach very high places in this country..."

*** The "suspicious" fire that killed former Bryn Alyn resident Adrian Johns also killed 4 of their friends** who, on the night of the blaze (18 April 1992), had been with brothers Adrian and Lea attending the same party at 11 Palmeira Avenue, Hove/Brighton. The names of the other individuals who died alongside Adrian Johns are: Andrew Manners, 29, of Cheltenham, Gloucestershire; Mabel Smith Roberts, 46, of Colwyn Bay, North Wales; Timothy Sharpe, 28, of Palmeira Avenue; and Paul Jones, 33, of St Michael's Place, Brighton/Hove. A fifth friend, Trevor Carrington, died in suspicious circumstances, two days later:

"Trevor Carrington, 38, an unemployed airline steward, had confessed to starting the fire on 18 April as 'a prank', then two days later threw himself under a lorry."

Notwithstanding Trevor Carrington's supposed confession: "The fire investigator who examined the building...said the fire was started **in three places at once**." A wealthy property developer, Nicholas Hoogstraten, was identified as the building's probable owner.

59. **Incarcerated youth Youth took his own life following rape and torture** Child sexual abuse survivor Andrew Ash has said that, in the early 1970s, a "really young inmate" was raped and tortured in prison by Sidney Cooke [see earlier entry] and Cooke's accomplice Arthur Graham Stephens (described as a "major player" in the North Wales care homes abuse ring). The incarcerated youth who was raped and tortured by Cooke and Stephens hanged himself in the prison because of what he had endured, Andrew Ash has said. <http://writehere.com/post/151104-5/a-true-life-story-about-a-abuser-that-the-police-want-to-keep-quiet-about-arthur-graham-stephens>
60. **Stephen Milligan MP Died in 1994 in suspicious circumstances** Had been a contemporary of MP Michael Portillo's at Peterhouse College, Cambridge. The theory is that:
- Milligan possessed knowledge of the alleged Tory 'Gay Mafia' involving Portillo and Peter Lilley.
 - Milligan anticipated a plan to murder footballer Justin Fashanu because Fashanu – displaying a willingness to talk to the Press – was seen to be endangering the secrecy of the 'Gay Mafia' with its paedophile connections. Milligan may have been murdered in order to prevent the MP from becoming a 'Whistle-blower'.
61. **Justin Fashanu In 1998 the footballer apparently hanged himself** Had sexual relations with Tory politicians linked to the alleged paedophile network including Peter Lilley and Michael Portillo. Fashanu also had sexual relations with a third Tory MP, David Atkinson. Atkinson was linked through business to alleged paedophile lobbyist Derek Laud and therefore, like Lilley and Portillo, mixed with those linked to paedophilia. Given the activities and connections of the MPs with whom Fashanu reportedly had sex, Fashanu's subsequent 'suicide' would seem to warrant deeper investigation.
62. **James Rusbridger Died in 1994 in suspicious circumstances** Some nine days after Stephen Milligan's suspicious death (see entry above), investigative journalist James Rusbridger died in similar and bizarre circumstances. Shortly prior to his reported suicide, Rusbridger – cousin of former MI5 agent Peter Wright – named members of the royal household with "exotic sexual appetites" in research submitted to a newspaper and a television station, according to *The Independent*. **Specifically, Rusbridger's research pointed to involvement by members of the Royal Household in paedophilia**, according to Scallywag. Indeed, there is a theory that Rusbridger was murdered because he was investigating the organised sexual abuse of boys by a powerful paedophile network with a tentacle extending to Buckingham Palace.
63. **Angus James Wilson The co-founder of 'Scallywag' magazine, killed in a potentially suspicious car crash Cyprus in 1996** Knew of the links between the systematic abuse of residents from North Wales children's homes and the Westminster Paedophile Network. Wilson had reportedly been in a Cyprus for a meeting with Asil Nadir to sell him **compromising photographs showing the then Minister of Defence Michael Portillo with underage boys** (see also entry above for Stephen Milligan MP).
- 64–65. **Michael Colvin MP and Nichola Colvin, his wife. Died in a fire at their home in 2000** Some find the circumstances of the fire that killed Michael Colvin suspicious, and further allege that Colvin, prior to his own death, may have arranged the Brighton/Hove fire that killed witnesses to systematic child abuse in North Wales and Pimlico. The basis for this theory appears to rest in part on the fact that Michael Colvin MP was a business partner of Derek Laud with whom he worked closely on lobbying initiatives. Scallywag magazine linked Derek Laud to Michael Portillo, Peter Lilley and Dolphin Square, which in turn link to the North Wales children's homes and the wider VIP/Westminster Paedophile network. See also entry above for Stephen Milligan MP.

Haut de la Garenne, Jersey

Suspected connections to VIP abuse network

67. **Boy from Birmingham sent to Haut de la Garenne** **Whereabouts unknown as of 2008** Individual was born in the 1950s. Former John Hemming MP "is concerned that the [man's] history and whereabouts remain unknown".

68. **Haut de la Garenne Suicide Boy** **Boy, aged 12-13, hanged himself** "One lad hanged himself in the dormitory during the night. He figured it was the only way to escape. He was only about 12 or 13 and slim with dark hair shorn short like all of us in the home. He had spent the week before in some kind of solitary confinement. What happened to him behind the locked door of the cell was so bad he couldn't live with it."

69. **Michael O'Connell** **Boy hanged himself** Michael O'Connell, 14, reportedly told his best friend in 1966 he would kill himself rather than return to Haut de la Garenne. He took his own life four days later.
<http://www.mirror.co.uk/news/uk-news/boy-hanged-himself-over-return-296775>

71. **Haut de la Garenne Missing Girl** **Presumed sudden death - suspicious** Girl aged 13-14 strangely disappeared from Haut de la Garenne in the same week as a hole was dug "near to where the garages were". The hole was then quickly filled in. "They told us that she had gone home but we knew she didn't have a mum or dad."
<https://www.scribd.com/document/275396860/Haut-de-la-Garenne-Missing-Girl>

72. **Captain H. Hocquart Feared murdered** Captain H. Hocquart, a merchant seaman from Guernsey, 'befriended' orphan boy Neil Frederick Hocquart (original surname Foster). The young orphan, Neil, grew up to become a serial paedophile and supplier of child pornography for a huge child sex ring encompassing links to Islington (under then council leader Margaret Hodge) and the Channel Islands. Police think Neil Hocquart may have murdered Captain H. Hocquart (and quite possibly other victims, too) in order to inherit the wealth of the older man. Now Neil is also dead.
<http://www.dailymail.co.uk/news/article-523706/I-known-Jersey-paedophiles-15-years-says-award-winning-journalist.html>
73. **Nicholas John "Nick" Rabet Suspicious death reported as 'suicide' / possibly murder** Rabet, an alleged serial paedophile, was deputy superintendent at Islington's home at 114 Grosvenor Avenue and is linked to Neil Hocquart [see previous entry]. Rabet often took the 'cared for' children on trips to Jersey, where they were abused by VIP paedophiles including Jimmy Savile. The abuse occurred on yachts, mansions, and in the opera house. Rabet fled to Thailand after a police raid on his home and press exposure. In Thailand he continued abusing and was eventually charged with assaulting local boys. He killed himself in 1996, reportedly.
<http://news.bbc.co.uk/1/hi/uk/4767841.stm>
74. **Bernard Leo Bain 'Suicide'** 'Bertie' Bain, the superintendent of Islington's home at 1 Elwood Street, was a friend of paedophile Nicholas Rabet [see previous entry], Bain was also someone police describe as a "brutal sexual abuser" of children. In 1978 Bernard Bain is reported to have severely abused a young boy in the Islington care system, Demetrious Panton. The assaults occurred "three or four times a week for over a year," beginning when Panton was just 10 years of age. Bain resigned from Islington in 1979, and in 1995 or 1996 he fled the UK. Bain reportedly took his own life, in Thailand, in 2000.

75. **Dyana Mary Frances Maloney Feared murdered** Child abuse survivor Dyana Maloney, 49, was found dead at her London flat on 12 June 2008, her body reportedly decomposed. Six days earlier Dyana had been taken by ambulance to the casualty department at Kings College Hospital, having been punched in the chest by an unknown assailant. **Dyana had been taken as a child to Haut de la Garenne** on a 'sailing holiday' in the 1960s. While there, she was sexually abused. At the time of Dyana's death, her brother Bill Maloney had recently finished a documentary film investigating Haut de la Garenne; Dyana had helped to fund this film. It is not known if Dyana received a death threat because of Bill's investigations and her own connection to Haut de la Garenne. Bill has stated that a death threat was directed at himself, however. Bill has said: "I believe my sister was murdered because of the work I did on the Crown-owned Island of Jersey".

76. **"Dozens" of unnamed Haut de la Garenne boys Feared murdered** A former barrister, Michael Shrimpton, has alleged that "dozens" of children were taken from Haut de la Garenne on Jersey, never to be seen again. According to Shrimpton, young boys up to the age of 14 were collected from Haut de la Garenne by paedophiles including the establishment child procurer, Jimmy Savile, and delivered to former prime minister

Edward Heath on board his yacht, Morning Cloud IV. Heath is alleged to have raped the boys, and to have then ordered them murdered, with the bodies disposed of overboard in the international waters around Jersey.

Other deaths of potential interest

May or may not be as straightforward as they appear

77. **Edward Heath's godsons: Christopher Chadd and Timothy Chadd (brothers), plus Nigel Cummings** **Christopher and Timothy both died in 'freak' accidents close together** In summer 1974, Christopher Chadd was helping to take Edward Heath's yacht, Morning Cloud, back to Cowes "when the boat capsized in a storm and he [Christopher Chadd] drowned. Exactly two years later his student brother Timothy was killed by a hit and run driver when on holiday in France."
The reported 'accident' that killed Christopher Chadd also killed **Nigel Cummings**.

80. **Leon Brittan, former Home Secretary** **Death attributed to "cancer of the bladder and in the blood, and a form of pneumonia"** "The National has been told the police had wanted to interview the former Home Secretary **within the next few weeks**. 'I've heard he had been told to attend a police station very recently – **sometime this month**,' one source told The National.

81. **John Stingemore** **Death attributed to natural causes; however its timing was extraordinary, coming just 2 weeks before he was due to appear in court** "John Stingemore, 72, was set to face a string of **historic sex abuse charges** relating to his time as **manager of Grafton Close** children's home...Stingemore, who was charged in September 2013 with multiple counts of indecent assault, taking indecent images of a child and one count of conspiracy to commit buggery, was found dead by police."

"A police spokesman said: ... 'His death is not being treated as suspicious.'

82. **Peter Maloney** **Suspected murder** In 1970 Bill Maloney's brother, Peter Maloney, allegedly took his own life at the age of 17 in a squat in Tonbridge Wells, Kent. The Pilkington Family (of Pilkington Glass) offered to pay for Peter's funeral, as Geoffrey Pilkington had built a relationship with Peter.

In 1977 Pilkington Glass hosted Robert Banks MP for an "Industry and Parliamentary Trust fellowship" lasting a minimum of 25 days.

Robert Banks MP was the tenant of a Dolphin Square flat used as a 'child brothel' according to the investigative magazine, Scallywag. Young boys were reportedly trafficked to Dolphin Square and Pimlico from children's homes in North Wales to be sexually abused and raped by (mostly Conservative) politicians and other VIPs.

83. **Lord (Robert) Alistair McAlpine** **Died at relatively young age of 71 following paedophile allegation** Alistair McAlpine was former treasurer and deputy chairman of the Conservative Party and close ally of Margaret Thatcher. He was implicated in the North Wales abuse scandal, which in turn is linked to the Westminster paedophile ring. In 1994 a child ("Paul") quoted by *Scallywag Magazine* accused McAlpine of sexually assaulting him. It appears that "Paul" may have been Steven Messham, the survivor who in November 2012 renewed the allegation against McAlpine before subsequently retracting it. **Little more than a year later, Lord McAlpine is said to have died "peacefully at his home in Italy"**. His family did not specify the cause of Lord McAlpine's unexpected death on 17 January 2014 at the relatively young age of 71.
84. **Lord Greville Janner** **Died just weeks before a 'trial of the facts' was scheduled to commence** Shortly before Lord Janner's sudden death, a High Court judge ruled he was "unfit to plead" over 22 sexual offences

against nine victims (most children) dating back to the 1960s. A 'trial of the facts' had been scheduled to take place in April 2016.

85. **Thomas Watt Hamilton** Hamilton perpetrated the 1996 Dunblane school massacre, in which he murdered 16 children and their teacher before taking his own life. The massacre has links to then-shadow Secretary of State for Scotland, George Robertson; to then-Foreign Secretary, Malcolm Rifkind (cousin of the late paedophile MP Sir Leon Brittan); and to an alleged paedophile ring operating at the top of the Scottish Establishment.

"George Robertson...sent his eldest son to Hamilton's club. He heard the rumours ..."

" ... **Malcolm Rifkind's friend** and his then Chairman of his constituency party at Edinburgh Pentlands, Robert Bell, according to the front page lead of the Edinburgh Evening News on 23 March 1996, **sold guns and ammunition to Thomas Hamilton only a few weeks before the Dunblane massacre**"

"I believe that Hamilton was a major provider of pornographic photographs and videos to a ring of men prominent in Central Scotland, including police officers who protected him from numerous allegations of physical abuse at boys' camps and clubs he ran. 86. **Irene Richardson** **Jimmy Savile was a suspect in a murder that occurred just yards from his flat** The so-called 'Yorkshire Ripper', Peter Sutcliffe, "killed his third victim, Irene Richardson, **yards from Savile's flat in Roundhay, Leeds**, in 1977. Miss Richardson was killed near the disgraced paedophile's three-bedroom penthouse, which overlooks Roundhay Park."

"A former detective who worked on the Yorkshire Ripper investigation says **Jimmy Savile was questioned by police in connection with the murders**. 88. **Stephen Waring** **Teenage former resident fell, or leaped, or was pushed, from a ferry** After Stephen Waring ran away from a children's home (not Kincora), police in England put the teenager on the Ulster Monarch Ferry. The plan was that the Royal Ulster Constabulary would meet Stephen when he disembarked in Northern Ireland. However the teenager never arrived. It was reported that passengers on the ferry had seen a boy fall into the water. An RUC inquiry stated: "it was not established, and no evidence was produced or tendered, that directly connected his death with misconduct at Kincora."
